## îdp wines, beers & ciders

visit the café to be inspired by our unique and quirky wine list  
our wine, beer and cider list was put together by friends, family  
& the îdp team. We decided to abandon the rules and conformity,  
and chose our wines in a blind tasting, ultimately for their drinkability,  
suitability to our service times, our menus  
and their stylistic differences.....

there's something for everyone and we love them all.  
ask your host for a suitable pairing.
